José Pariente Fermentado Barrica 2019

Winery:	Jose Pariente
Importer:	DeSabor
Contact:	https://desabor.pl
Varietal:	Verdejo, eco - 7 months ageing on lees
Origin:	DO Rueda

Deep, smooth, complex: a work of impeccable cellar-craft.

José Pariente Barrel Fermented is an extraordinarily nuanced wine, full bodied, with a great balance of fruit and oak.

Old organic bush vines located within the appellation of Rueda, on a high plateau of quartzite stones. These vines, with low yield of 4.000 kilos per hectare, are head pruned in the traditional way. After a meticulous selection process in the vineyard, we harvest by hand collecting the grapes in cages of 20 kilos. The fermentation process takes place in French oak barrels, both new and up to third year of use, from various providers. After fermentation, the wine remains in the oak barrels for a seven-month ageing process, with batonnage to move the lees.

Fondillón Tesoro de Villena

Winery: Nuestra Señora de Las Virtudes

Importer: Kuchnie Swiata

Contact : www.kuchnieswiata.com.pl

Varietal: 100% Monastrell
solera 1972 Gran Reserva

Origin: DOP Alicante

This wine is the oenological jewel of the Vinalopó Valley in the SouthEast Spain, converted by its own merits into a fundamental piece of the Mediterranean treasure.

It is made exclusively in vintages of exceptional quality, from overripe grapes from old vineyards of the native Monastrell grape with very low yields. It matures in the traditional solera system using aged sediments known as the solera madre that date back to the year 1972. The best and the oldest oak barrels are used in a rigorously ordered process to obtain the quality and characteristics of this wonderful wine. You can appreciate its beautifully amber colour with mahogany and copper tones. On the nose it offers a complex array of aromas, with toasted notes reminiscent of nuts, figs, prunes and coffee. It is both dry and smooth on the palate as well as warm, leaving an aftertaste of a broad range of fine woods.
