VINO ARTE OOD is a relatively young project, but with extensive experience. The idea of distributing wines from Spain was born in 2014 from a group of wine lovers and their love of the land that gives birth to the Verdejo and Tempranillo varieties. With a clear spirit to introduce their customers to the living heritage of hundreds of years of one of the most exciting varieties in Spain, they found this company.

The company represents a group of 40 wineries who know and love the land, who work day after day to obtain grapes of incredible quality, and who have known how to surround themselves with experts to achieve the best results, whether through ancient or modern technologies. VINO ARTE OOD present wines of great value and great recognition both nationally and internationally.

LIST OF PRODUCTS

- Winery Arzuaga

BODEGAS ARZUAGA NAVARRO S.L. is located in Valladolid, in the heart of the Ribera del Duero DO. The scenario where the wines produced by the winery are born can be found in La Finca La Planta, a property that the Arzuaga family owns in the Valladolid town of Quintanilla de Onésimo. With a privileged location for the cultivation of the vine, since its vines receive the sun and the necessary humidity for the perfect ripening of the grapes.

La Planta is a place where the flora and fauna of the area coexist. A flora composed of pines, oaks and junipers and a fauna formed by wild boars and deer. This coexistence is undoubtedly the proof of the Arzuaga family's love for the world of nature. The estate consists of 1,400 hectares, a real luxury in the heart of the Ribera del Duero appellation and Golden Mile.

It was in the early 90s, when Florentino Arzuaga, after buying the estate La Planta, began planting vines, building the winery and, of course, winemaking.

In Bulgaria, BODEGAS ARZUAGA NAVARRO S.L. wines are distributed through the manufacturer's local importer, **VINO ARTE OOD**.
